

HAMi Ambassador Program

OFFICIAL LAUNCH

HAMi Incubating Special Event

Inaugural Term: Sep 1, 2026 - Aug 31, 2028

HAMi Maintainer Team · Community Committee

A Community Gaining Momentum

717

Contributors

Users with contributor, PR,
issue, or review relations

270

Committers

Users who pushed code
commits to tracked repos

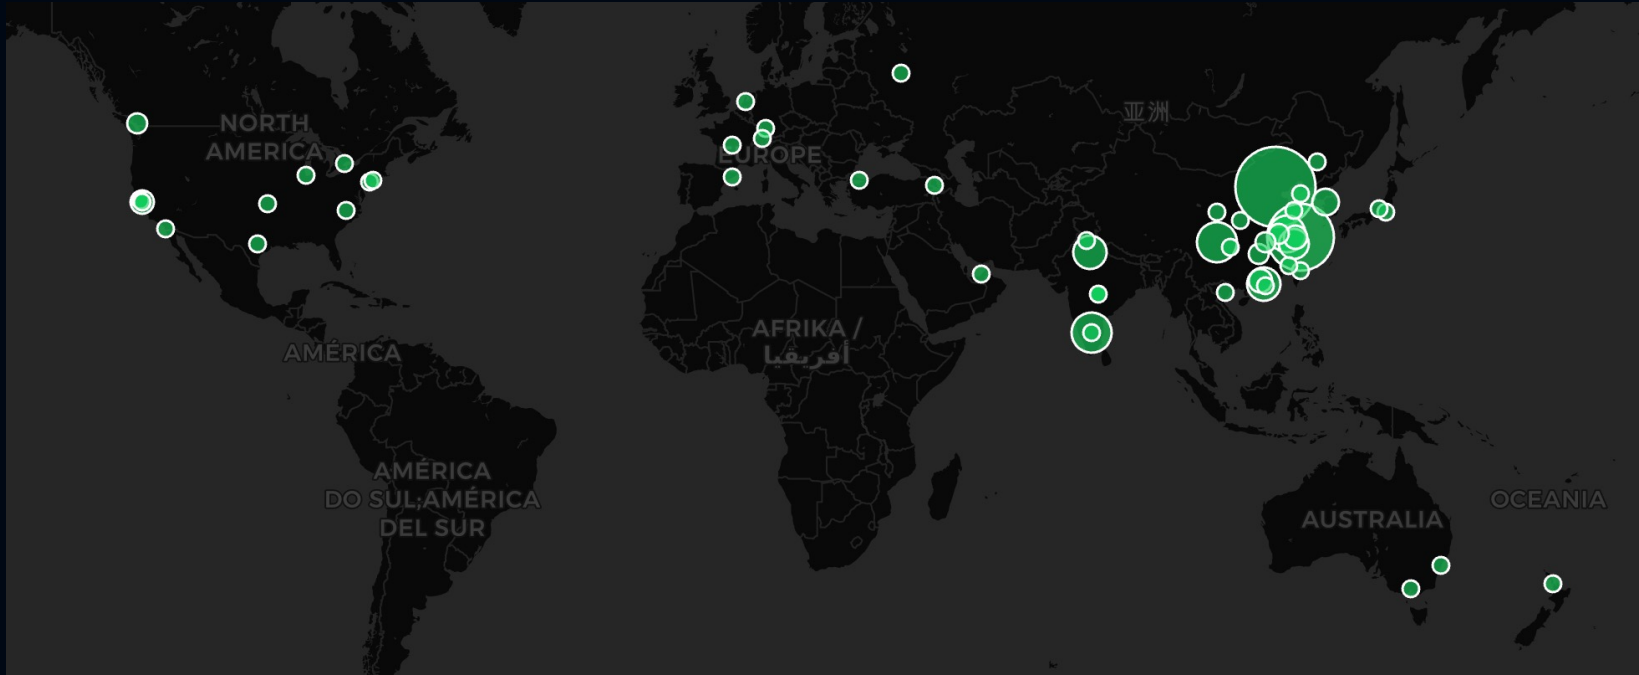

CNCF

Incubating Project

Sandbox Aug 2024
Incubating Jul 2026

Sandbox to Incubating in just 24 months - 717 contributors worldwide, 270 of them code committers. Every PR, every issue, and every review pushes heterogeneous computing further.

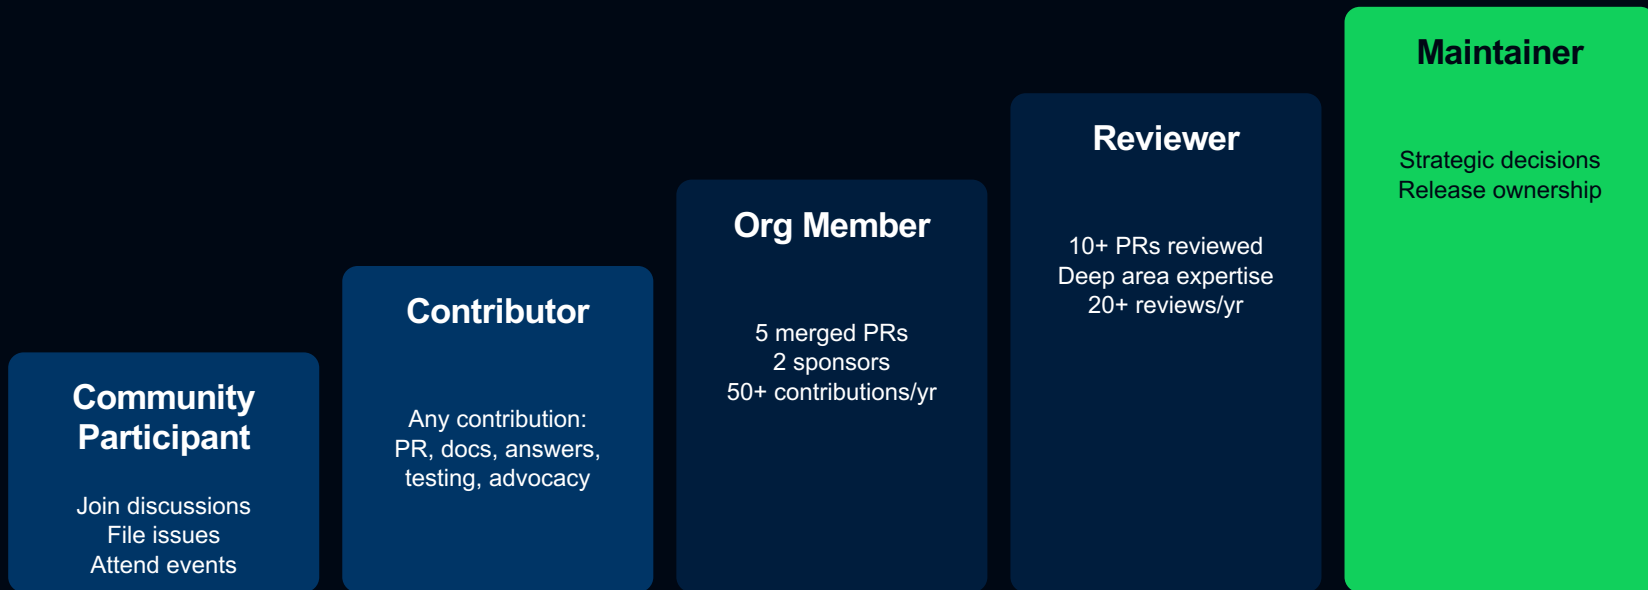

Contributors Across the Globe

Source: HAMi community contribution statistics (GitHub) · Aug 2026

A Clear Contribution Ladder

Every step has explicit requirements and privileges - see “Contributor Ladder” at project-hami.io

The ladder measures code and engineering - what about those who evangelize, write, and organize?

Beyond code, others carry HAMi forward

Tutorial writers · Meetup organizers · Conference speakers · Slack helpers

They deserve an official identity

Modeled on the proven CNCF Ambassador program

HAMi Ambassador Program - Officially Launched

✓ What an Ambassador IS

An outstanding community contributor

Officially certified by the HAMi community

A bridge between HAMi and developers

Bringing heterogeneous computing to more people

A voluntary community honor role

Support, resources & recognition - not salary

✗ What an Ambassador IS NOT

Not a Maintainer / Reviewer

Separate tracks - both roles can be held at once

Not employment

Represents no single company's commercial stance

No unauthorized official statements

Acts as an individual community member

2-year term · Inaugural cohort Sep 2026 - Aug 2028

Governed by HAMi Maintainers & Community Committee

Inaugural Ambassadors - 2026 - 2028

Mesut Oezdil

@mesutoezdil

Stuttgart, Germany

Top docs & code contributor (~425 website commits), HAMi Reviewer

Tianqing Wang
